at home.

OUTPATIENT JOINT PROGRAM

Recover from home.

Knee, hip, and shoulder  
replacements

Go home the same day  
as your procedure

Award-winning care from  
our expert team

## ASK ABOUT OUR OUTPATIENT JOINT PROGRAM.

If you're preparing for a knee, hip, or shoulder replacement, you might qualify for our Outpatient Joint Program. You'll meet us at our surgery center, and go home as soon as you're able to move around on your own. Our patients have found immense benefit from participating in the program, including faster recovery times and reduced cost.

"I was home by 2 o'clock. It was much easier than the hospital. I was walking within 2 weeks, 3 miles a day. I wanted to get back to my old self. It wasn't as hard as I thought it would be."

**Tom Patnode** • Patient

Proliance Highlands Surgery Center is a state-of-the-art facility where individuals undergoing outpatient surgery are treated, ensuring our 5-Star Patient Experience. Our surgery center provides a single destination for all facets of your joint replacement – just one location where you'll meet with your doctor, your surgeon, and your physical therapists.
